

**Shelter Bay Social and Recreation Committee
Annual Board Report for 2010/2011**

Our goal as a committee is to provide the Shelter Bay Community with a variety of events and lecturers, as well as assisting in serving refreshments during chorus concerts, etc.

We were fortunate this year to add a couple of new members. The committee is comprised of a very enthusiastic, hard working group that works very well together. We even have a member who is not able to attend meetings regularly yet is willing to take on the task of providing events for the youth of the community.

It was an exciting year for many reasons. Helpful to us was the remodel of the restroom area, which meant we would have a large storage area close to the clubhouse instead of storing our items in the trailer in the storage lot. We so appreciate having this storage and the fact our materials are so accessible.

The committee's meeting notes from last year show it was a busy year. For example:

- Volunteer Appreciation Dinner
- Eco-Fair (serving of lunch/refreshments)
- After School Bash
- Feng Shui Workshop
- Pizza and Pool Party
- Soup Supper
- Lecture Series (Project Lifesaver and Attorney, Felicia Value regarding wills, etc.)
- Halloween Party
- Thanksgiving Dinner
- Chili Feed
- Second Soup Supper was cancelled due to weather

We are currently working on events such as, "Concert on the Green", "Harvest Dance", Wine Tasting/Pairing, and a bird-watching series.

Respectfully Submitted,

Claudia Young

Social and Recreation Committee
